Himanshu Sanjay Waja

Hey! I'm Himanshu Sanjay Waja, a passionate BCA student and budding software developer who's obsessed with building, breaking, and learning how tech works behind the scenes. I'm currently diving deep into the world of AI, ML, and full-stack development, with hands-on internship experience from Infosys and other real-world projects. From frontend vibes to backend brains — I love solving real problems with smart code. I'm always experimenting with new tools and frameworks to sharpen my edge and push boundaries.
